General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Melvin.

The 2x dogs were roaming outside the property and basking in the sun. I called the dogs towards me and got a good look at the skins, they appear to be recovering well and have not deteriorated since last inspection, I could only see around the back legs that hair a bit still missing. Melvin asked if he will have to buy the product again for them and I advised yes, he will have to continually every 3 months. He advised that end of Aug will be the 3rd month, then he will buy again.

The dogs were also bathed this morning and their coats appear to be soft and shining.

The owner has complied with the initial warning.

I will conduct a final inspection in 30 days, and just to remind the owner to buy Simparica again.
