General Report Comments: PROACTIVE

Upon arrival, I observed a dog chained to a bench on the right side of the property. The chain is approximately 2m long. The dog had a suitable material collar fitted. The dog had no adequate protection against the elements as there was only a bench near the dog, which is not sufficient. There was a bowl, with unknow contents inside which the dog cant reach.

It is unknown as to why the dog is chained, however the property fence is large holed mesh, which the dog can easily escape through.

I issued a warning stating:

1. Place the dog on a running chain, if chaining is neccessary;
2. Provide the dog with adequate shelter;
3. Ensure the dog has access to drinking water at all times.
