General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Mrs Papier.

I observed the same dog as previously. The dog was still on his runner, with attaching chain and suitable material collar. The kennel is still where it was moved to and provides adequate protection against the weather elements. The dog had drinking water available, which is placed inside an old steel pot (3L) which is placed by his kennel. I could not go close to take close up pictures, as this dog is extremely aggressive.

All the dog's basic needs are cared for and his welfare has been uplifted. I will close the case for no as there are no further APA contraventions.
