General Report Comments: PROACTIVE

Upon arrival, no one appeared to be home.

I observed 1x dog chained on a light chain of approximately 4m long attached to a material collar. The dog was barking excessively, at nothing and could possibly be from boredom and the confinement. The dog did not have access to adequate shelter as the carport is insufficient.

The property appears to be well fenced, fully enclosed and I cant see how the dog would be able to jump as the side is high pre cast walls (1.8m) and the front is palisade fencing (1.8m) with solid gates.

I issued a warning:
1. Clean the area within 48hrs;
2. Allow dog to roam freely;
3. Provide adequate shelter within 5 days.

Will follow up Monday
