CHECKLISTS

General Report Comments: Upon my arrival at the property, I observed 3x SAPS vehicles and a lot of SAPS members at the property. There was also alot of community members standing around inside and outside the property. It appeared to me like a bust was happening and some of the people observed were laying on the ground in handcuffs.

I did not see any animals through this.

I will rather come back to the property tomorrow or Wednesday . I did advise my Manager of such as well.
