General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I saw the dog still on his extended chain, but saw that the enclosure has not been build yet. I send Yolanda a whatsapp message to enquire what the current status of the enclosure is and also advised that I will assist her with building the enclosure if she requires assistance. I advised Yolanda that a plan must be made to have this resolved within the next 7 days.

The dog currently has sufficient roaming space, however it will be more beneficial if the dog has his enclosure as he will then have much more roaming space.

I will await her response.
