General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Dwylan.

Danger came out from inside the house, as the door is always open and he has full access to the house.

Danger appears to have gained more weight, especially around his ribcage, neck and head.

Dwylan is still feeding 2x day, which appears to be evident as the dog is in fact gaining weight.

I will return after 2 weeks, as a bigger difference will then be easier to see.
