General Report Comments: Upon arrival I was met by Dwylan who also stays on the property. I asked Dwylan to see the dog Danger,he called Danger and the dog came running from the side of the house. Danger is still slightly underweight, Dwylan told me that they have dewormed the dog but the dog is still not putting on some weight. I asked Dwylan if they have taken the dog to be assessed by a vet and he told me that they don't have money and that his father LeonDavids is the actual owner of the dog. I told Dwylan that they should take the dog to vet because the might have tickbite fever that's why he not gaining any weight. I also told him that the dog must provided with adequate dog food at all times. I issued another warning because the previous warning was not adhered too. Inspector Bodenstein will follow up.
