General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

I observed the dog still on his runner, with a suitable collar and attaching swivel. The dog appeared to be in good condition with no veterinary or health concerns observed. The dog had access to adequate protection against the weather elements and a clean living area.

The runner's cable was a bit loose and I helped the owner to tighten it again.

The owner is still in compliance and I am satisfied to close this case as there is currently no APA contraventions.
