General Report Comments: Upon arrival, I was met at the gate by Wirney Philander. The owner's son. The owner works nightshift and was allegedly sleeping, same as last week. Wirney is not of age and I did not feel comfortable entering the property with no adult present.

I observed the same dog kept in the same condition as during my initial inspection. Wirney advised that he is not aware of the previous warning issued and did not know that the conditions must change. Wirney was first very cheeky, but I put him in his place very quickly.

I explained to him what needs to be done, and educated him regarding a runner and the reason of it.

Wirney also advised that the dog jumps the fence, hence the dog is chained. The fence is rather low.

I issued a 2nd warning:
1. Ensure to place the dog on a runner.

7 days granted

Wirney advised, now that he is aware what is required, he will see to it.
