General Report Comments: Upon arrival, I was met by Julie, the owner's sister. Julie advised that the owner have not returned yet and will only return over the weekend. They apparently decided to stay away longer on vacation.

I asked Julie if the dog was on a runner and she said yes but the wire broke and with a big struggle they managed to chain the dog again as he was jumping the fence and chasing people in the street.

I decided to call the owner to verify, the owner verified that they will only return over the weekend and apologized same for not informing me. I made arrangements to meet the owner on monday so I can assist them with properly installing the runner.
