General Report Comments: Upon arrival, I was met by Ansie, the property owner.

I saw the dog being placed on a 30m runner, which runs down on the left side of the house.

Ansie advised that they are not done yet, as the swivels must still be installed and that they asked a friend for a collar and he will bring it for them next week.

They have decided to keep the dog and improve the condition he is kept in.

I will conduct a follow up inspection next week, as they should then be done with everything.
