General Report Comments: PROACTIVE

Upon arrival, no one appeared to be home as there was no response to my presence.

I observed 2x dogs free roaming inside the property. The Boerboel x dog is underweight with a BCS 1.5/5. The Boerboel does however appear to be a senior, but stil Bright, Alert and Responsive (BAR).

The other dog appears to be a young dog in good condition. Both dogs were also observed scratching fleas on their bodies during my time of inspection.

I issued a warning:

1. Provide the Boerboel with veterinary treatment, as he likely has an underlying medical condition
2. Provide both dogs with external parasite control

5 days granted
