General Report Comments: Upon arrival I saw 1x brown female boerboel lying next to her kennel. The dog appeared to be underweight and so little reaction towards me. I went to knock on the door and a young boy opened the door,I asked him if his parents are home and he said no they are hoth working. I asked him about the dog,who is called Ounooi and he told me that Ounooi is very old and that his father said that they will take Ounooi to the vet on Saturday. I issued warning W5090 to take Ounooi to the vet because she is not in a good condition. As I was about to leave the boy gave me his father's cellphone number and I called him. The owner introduced himself as Raymond Korah. I explained to Raymond why I am at his property and told him that I issued a warning for the dog Ounooi to be taken to the vet within 24 hours,I also gave Raymond the option to bring the dog to the Spca tomorrow for euthanasia as she is already 15 years old according to Raymond. Raymond said he will discuss this matter with his wife and if they decide to put the dog to sleep he will see me tomorrow. Will follow up.
