CONFINEMENT OF ANIMALS	Static Chain - adequate length Poor fencing, no gate

General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

As the property has no gate, I entered the property and approached Tina. Tina is still on her long thin chain, attached to her harness with an attaching swivel. Tina has evidently gained weight and her current BCS is 3/5.

Since the owner complied and the dogs welfare and condition has improved, I am satisfied to close this case as there are no further APA contraventions observed.
