General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

I shared the nature of the complaint with the owner and he advised that the dogs do have shelter, but that it is at the back of the property.

I was then accompanied to the back of the property, where I saw an outside bathroom that is being used for the dogs for shelter. The door cant close and is open in such a way that the dogs can access this area at all times. On the floor is a folded shadenet, according to the owner this is the only thing that the dogs dont rip to shreds, as he previously placed blankets inside but then the next day the dogs had ripped it apart.

The dogs are in good condition with no veterinary or health concerns observed, they have a clean living area. Are fed Bobtail and house food 2x day. Have access to drinking water and a clean living area.

Case can be closed as there are no APA contraventions observed .
