General Report Comments: CORRECT ADDRESS : 294 BASIL FEBRUARY

Upon arrival, I was met and granted access to the property by the owner.

The dog has been moved to the back of the property. The dog's chain has been extended and is now approximately a 7m long light chain. The dog has a suitable material collar with a swivel fitted. The dog has a make shift wooden kennel which provides adequate protection against the weather elements.

The dog is slightly underweight and according to the owner the dog was dewormed in August at the mobile clinic.

I will follow up in 2 weeks time regarding the dog's weight and to monitor continued compliance.
