ANIMALS IN GOOD CONDITION	No ***	2x Boerboel dogs underweight and has mange.
VETERINARY PROBLEMS / HEALTH CO	Yes ***	2x Boerboel dogs underweight with mange.
CONFINEMENT OF ANIMALS	Free roaming - in property	

General Report Comments: I saw 1x black and tan German shepherd x dog in the street with mange, I asked who the dog belongs too and a lady who introduced herself as Charlene Cloete came out and told me that the dog belongs to her. The dog went inside the yard where I also observed 2x Boerboel dogs also with mange and underweight. I asked Charlene if any of these dogs are being medically treated for the conditions they are in and she said no their not being treated. The male Boerboel is very underweight and might have tickbite fever. The female is also underweight but not as bad as the male. I issued a warning W5576 for the male Boerboel Hitler to be taken to the vet and for all 3x dogs to receive treatment for the mange and to also have adequate food available on a daily basis. I told Charlene which product she can use for the mange and where she can get the product. Charlene told me that they will take Hitler to the vet and that she will get the Simparica for the mange. Will follow up.

ACTIONS

Warning Issued W5576

REPORT OUTCOMES

Follow-up inspection to be conducted 2024-08-29
