General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I observed 1x dog chained to a pillar at the front door. The dog was laying inside his kennel. The dog had a chain collar. The dog has a large wooden kennel which provides adequate protection against the weather elements.

The dog appeared to be rather aggressive and I could not go to close to the dog.

I issued a warning:

1. Place dog on a runner
2. Provide the dog with a suitbale collar

I will follow up on Friday
