General Report Comments: Upon arrival, I was met by Collete, the property owner and the dog owner's mother, as he is a child of 9yrs old.

The dog's chain has been extended by 1m and the dog has a rope, running through a hosepipe as a collar. The owner advised that she will be installing a runner and that it should be done by next week.

I advised that the collar is suitable temporarily and that she must still obtain a proper collar for the dog, she understood and will see to it.

I will follow up next week friday, as Colette also advised that she is home on Fridays.
