General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

I immediately saw the dog has gained alot of weight and that the skin condition has improved. The dog was kept on her runner, as she is for a few hours in the day when Mr Fortein sleeps as he works night shift and can'tkeep an eye on her permanentlyand that is when she then escapes the property.

Mr Fortein advised that his daughter bought Simparica again, but that she will only be home on Monday and he does not know where she placed the reciept.

I will come around Monday again to speak with his daughter.
