General Report Comments: Upon arrival, I was met by the owner.

I initially did not see the dog and the owner then advised that they are keeping her indoors today due to the bad weather. I asked that they bring her out as I wanted to see her skin. The owner advised that she will just attach the chain as a leash as she does not want the dog to run outside and become dirty and make the house dirty. The dog came out and I saw the skin was shining and looking great. The owner advised that she bought Simparica again last week and gave it to the dog.

I am happy with the improvements made on the property and the dog's current condition.
