General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

This is evidently a dispute between the compl and the owner. They even swore at each other while I was present.

I saw the puppy that is currently free roaming inside the house and front yard. The puppy is slightly underweight, but not of concern as he was dewormed today. The pup was also vaccinated and sterilized. See attached Vet book.

The pup has food, and the owner was educated to feed 2x day.

I will follow up in 2 weeks time regarding his weight.

No APA contraventions observed today.
