General Report Comments: I saw 1x white and brown pitbull male on a running chain, but the dog did not have a collar. I stopped and the owner who introduced herself as Janetta Nchupang came out. I educated Mrs. Nchupang on the importance of a collar and why it is unacceptable to chain a dog with the bare chain, because the chain can hurt the dogs neck. Danger the white and brown pitbull males body condition is acceptable and I can tell that the dog well taken care off when it comes to food. Water and shelter is also available. Danger is on a running chain because he is very aggressive towards people and other dogs and he can also jump the 1.5 meter wire fence. Except for the collar Danger is in acceptable condition. I issued warning W5588 to provide Danger with a collar. Will follow up.
