General Report Comments: There was no people at home and I could not gain access to the property because the gate was locked. I could see 2x adult Border collies in a enclosure,I could also see a bucket of water inside the enclosure. The 2x dogs body conditions appeared to be acceptable. The property is fully enclosed I the front,I could not see the back,but I can't see why the dogs needs to be in the enclosure if the property looks like it's fully enclosed. I issued warning W5595 to remove the 2x dogs from the enclosure and will follow up within 48 hours.
