General Report Comments: Upon arrival, I was met with the owner's wife. She advised that her husband has not been home yet but that he is aware of the contents of the warning. She cant handle the dog to clean the cage as the dog is big, aggressive and too steong for her to handle. Her husband will be home this afternoon from 15h00 to clean the cage and they will begin with the cage enlargement over the weekend.

I will come monday to check up on the cleaning of the cage, as they still have time to enlarged the cage, as per the initial warning.
