CHECKLISTS

General Report Comments: Upon arrival, I was met by the owner's wife. The dog was not on the property as the owner apparently went on a walk with the dog.

I saw that a runner has been installed and Mary-Ann advised that they have decided to rather build a runner than an enclosure as it will be cheaper for them. The runner is approximately 8m long with a 4m attaching chain. The wire is not stiff and I advised her that she will have to advise her husband to pull the wire stiff.

I will come around on Friday again to see that all is in order.
