General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

My warnings were also still left on the gate as I have I left them.

I contacted the Municipality Offices to enquire regarding who the property belongs to and was given the following details: Mr Marvin Arendse: 0828084225

I called Mr Arendse who confirmed that this is his property and that the tortoises are from the veld that wandered into his property. He does not have a permit to keep them, but is apparently in the process of applying for permits and is awaiting correspondence from Cape Nature. He was not willing to surrender the tortoises.

I contacted Donnie from Cape Nature and referred the case to him, and provided him with all the details.

There are no contraventions of the APA, however matter has been referred to CN regarding permits.
