General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

The owner immediately handed me the proof that he went to the veterinarian. Wesland Diere Hospital, in Vredenburg. The dog received adequate veterinary treatment and is currently on antibiotics.

I thoroughly inspected the dog for old wounds and scarring, the dog only has wounds on his head. There are no defensive scars on the hind legs, no scars on the front legs, stomach or throat.

I will follow up on this property in 3 weeks time to check how the dog is doing, as well as check for any new scars on the dog.
