General Report Comments: I did a door to door at the property and I saw 1 boerboel sleeping on the property from the gate I saw the dog is under weight. I arrived at the property and and I explain to her why I was there and she welcomed me to the property and took me to the dog. Upon my inspection on the dog the dog appears to be under weight and tamieka told me that they did deworm the dog but no change in the dog.
She called her mom to explain to her but she refused to sign the dog over. I left the notice to comply for the vet treatment within 24 hours.
