General Report Comments: I called,Hendrik again to ask him where the horses are situated because I did not find them where they were yesterday. Hendrik told me that I must go to the Kanaal,it's a open piece of land situated in the residential area of Malmesbury. I went there and saw +- 11 horses on the open piece of land. Hendrik told me which 2x horses were stolen. I saw Hendriks Chesnut stallion and Brandon's Bay mare roaming freely and grazing on the piece of land. Both horses that were stolen is in acceptable conditions as well as the other horses on the piece of land. There is a stream flowing in the middle of the Kanaal,so the horses have access to water. Attached is the video and pictures I took of the horses. Will do a recheck when in the area again.
