General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I entered the property, as the gate was open to go and knock on the front door, as the door was closed. But there was no response from the owner.

I saw that the one dog is still on her runner and the runner is working well, and the other dog is still on her extended chain.

Both dogs have suitable collars fitted with swivels. Access to adequate shelter, drinking water, a clean living area and no veterinary or health concerns were observed.

No APA contraventions observed.

Case can be closed as no further action is required.
