General Report Comments: Upon arrival, I was met by Luchiel. She advised that her daughter informed her that I will return to the property today.

The sog has not returned yet, Ella from LAC will bring the dog back from the vet this afternoon, as the dog spend the night.

I advised Luchiel what they need to open a docket, and wrote it down for them. I advised her to obtain all the information then contact me that I can evaluate the evidence and assist then with laying charges if the evidence is sufficient.

Luchiel said that the accused reside in Arend street, but that they dont know the house number and that she will find out and call me. I asked her for her contact number that I can call her rather, she advised that she does not have a phone and will use a friend's phone to call me.
