General Report Comments: I was granted access to the farm by Mr. Johannes Snyders who is the owner. I introduced myself to Mr. Snyders and told him why I'm here. Mr. Snyders then took me to see the horse. I saw the horse standing in a barn, the living area is dirty and a lot of horse manure is lying around. Upon closer inspection I saw that the ponies hooves are overgrown. Water, food and shelter is available. Body score is 3/5 and the pony is very calm and easy to work with so I can't see why the hooves have not been attended to. I issued warning W5532 to clean the living area and to get a farrier out to trim the ponies overgrown hooves. Will follow up.
