General Report Comments: Upon arrival, I was met by the owner's wife. She handed me her phone and the owner was on the other end. He informed me that he ordered a dog kennel and it will probably be here by next week monday.

Like I mentioned in my previous report, the dog currently has access to adequate protection against the weather elements, however a kennel will be good for the dog as the dog can make it its own.

I will come by next week to check.
