General Report Comments: Bruno the male fox terrier x is on a short static chain with a collar. He is tied close to a heap of bricks. His kennel is broken and he needs a better kennel. I observed a collar and water . The dog named Ceaser is on a running chain but the chain that is attached to the runner is too short. Ceaser does have a collar, shelter and I observed a water bowl filled with fresh drinking water. Both dogs body condition is fair and acceptable. I issued a Notice to comply which Jemason will recheck
