General Report Comments: Upon arrival, I was met and granted access to the property by the owner's sister, Bianca. She took me to the dog of concern which is kept on the right side of the property inside an enclosure.

The dog does not appear to be blind, however it does appear as if the dog has an eye condition in both eyes. According to Bianca the dog was allegedly poisoned a few weeks ago, and since then the dog cant see out of his eye.

I issued a warning:
1. Take the dog for veterinary assessment
