CHECKLISTS

General Report Comments: I arrived at the property and was met by Moira Rangwani who granted me access to the property. There were no animals on the property. I asked Moria what is going on and if she has dogs. Moria told me that she has got 2 dogs 1 brown female called Mario and 1 male called puppy. Moria told me that Natasha from Dogs Deserve Better started feeding the dogs from July 2024. Moria also told me that her son in law named Romeo Muridzi was at home one day while the dogs were still there and Natasha threatened and swore at him and told him that if he does not give the dogs to the her she will call the SPCA on them. He did not give it to her at that time. She phoned Natasha when she saw a wound on the back of the female called Marion. Natasha came and took the dog and told Moira that she will take the dog to a vet. Moria said that Natasha also came back the next day and took the male dog named Puppy and 3 puppies. The children in the road told her this. She never returned the dog Mario who she said she will take to the vet and return to her. Moira phoned her and asked her where her dogs were and Natasha told her that she will not be returning the dogs to her. Moria said she did not know what to do and she then went to Bongani a community leader in Silvertown Chatsworth who advised her to open a case at SAPS against Natasha. She said that she did not do that yet. I asked Moira if she has got dog food and can look after dogs at the moment and she said she gives the dog porridge. I advised her that that is not suitable for dogs to feed them that alone. She said that Natasha told her to never worry about dog food as Natasha will always provide the dogs with dog food.
