General Report Comments: A member of the public stopped me and informed me that I must go and have a look at the body condition of the dog named Bull at house number 48 Blokombos. Bull had what looks like cancer and it looked very bad and smelling. Cornelius did not agree with me and he kept saying it was his neighbor's Pitbul that attacked his dog while he was not at home. Water, food and shelter observed. I issued a Notice to comply advising Mr Cornelius to seek vet treatment in future for any sick or injured animal in his care or possession. There is no animals left on the property.
