| CONFINEMENT OF ANIMALS          | Static Chain - inadequate length ** | The dog is aggressive according to Nico's friend Granville |

General Report Comments: Nico was not at home and I spoke to his friend who introduced himself as Granville Barendse. The dog named Chico is thin and he is on a short static chain without a collar. The dog does not have adequate shelter as he is sleeping on an open space under the shade. There is no swivels on both ends of the chain. I observed water. I issued a Notice to comply advising Nico to  
(1)provide shelter for the dog  
(2)provide swivels  
(3)provide a collar for the dog

I will recheck in 7days for the above mentioned welfare concerns and I gave Nico 2weeks to make sure the dogs body condition improves.
