CHECKLISTS

General Report Comments: As I was driving towards where the pigs are kept I saw the road being completely inaccessible. The Municipality is busy with pipe installations and they have digged the road in such a way that they pushed the water upwards.

As I was driving back, one of the farmers stopped me and advised that he has severe difficulty reaching his kraals and opened up for his pigs to roam the area and throws food for them on the opposite site. He mentioned that the Municipality will apparently be done by mid Sept then he will move his pigs back. I asked if the other farmers are still here and he mentioned that it is only him currently utilizing the area, he is not sure where to the other 3 farmers moved their pigs.

I will come around mid Sept again to have a look
