General Report Comments: We were met by Ella the game ranger who took us to the lions enclosures . The 1x male and 5x lionesses was in the 1 hectar enclosure and the other male was in the other enclosure because he is not sterilized and according to the owner er Hayward Loubser the 2x males fight when they come near each other. We advised Hayward on some ideas so that the 1x male lion won't be so alone in the enclosure. Hayward suggested that he can make the lions enclosure bigger or shoot the lion. We suggested that we will talk to Dr. Rust about sterilization and what the chances are of them fighting after the sterilization. Will follow up.
