General Report Comments: I saw this brown and white Collie x male lying in front of this property, I stopped and saw that the dog has a huge growth by his private parts. I called out and a man came out and told me the dog belongs to him. I introduced myself and the man said his name is Frans. I asked Mr. Frans if he can afford a vet because the growth looks to me like a cancer growth and if that thing bursts the dog is going to be in pain. Mr. Frans said that I should rather take the dog called Witvoet as he is a pensioner and can't afford a vet. Refer to admission E7606. There are no other animals on the property. NFA until further notice.
