General Report Comments: On my arrival, I was welcomed by Mrs Azaria Jacobs, I observed a brown male Africanis dog named Teddy in the bath room lying on the floor, Teddy appeared physically not looking good (there was bite wounds on all his legs, some bites wounds was still fresh), he couldn't walk.
Water was available, living environment was cleaned, and the shelter was available in the form of bath room.
The owner said she can't afford to render adequate veterinary treatment for the dog (Teddy).

She then surrendered the and she signed admission form, I then collected the dog and brought it to the spca Darling and I humanely euthanized the dog(admission no. E3974).
