General Report Comments: I was granted access to the property by Victoria who works with the owner Ronelle Columbo . I asked Victoria to see the 2x horses in question,and she took me to see Mystic a grey boerperd x pony mare where she was busy eating in the paddock. Mystics body condition is acceptable and I could not see anything wrong with her. Victoria then took me to the other paddock where I observed 1x Bay gelding called,Buddy also busy eating and in acceptable conditions. Water and shelter is available. There were a few horses grazing in the field next to the paddocks. Horses hooves are clean and trimmed. Attached is the checklist I completed with pictures of the horses. No welfare concerns was observed during my inspection. Will do a recheck.
