General Report Comments: On my arrival, I was welcomed by Mrs Nolisa Hanse, I introduced myself and explained my visit to her property as usual.
She was with other 2 ladies.
I then observed the brown dog of which was put on inadequate running chain(the running wire of +-7 meters long was connected to the dog house and the other side to the wooden garage pole), the dog was able to tangle around the wooden pole.
There was no adequate dog food(the owner said she doesn't have the money and she does not have a husband to help her financially),with her statement supported by the other one of the 2 ladies.
The other lady said to me that why a I difficult to understand that the owner of the dog Mrs Hanse does not work and has no money. She escalated that on the visit to the property with my colleague "inspector October" did understand their reasons for not being able to provide the dog with food and fixing the dog kennel, I then immediately contacted Mr October for clarification of which he did mention such words or not, then Mr October refused and requested meto handover the phone to the owner of the dog Mrs Hanse accepted the phone of which she spoke to Mr October (....?).
