Comments:	The owner came to our office to discuss the matter . He identified himself as Thabiso Kgomo claiming that the dog was taken to the Park Vet Hospital last night on his way home to Nigel as they were the only vet open at that time. He brought with him a vaccination card and a proof of payment as bank notification. He explained his situation that he had no choice but to bring his dog to work with him to be able to monitor the dog's condition no one was home before his next appointment to the vet. We persuaded him to sign over the dog to the Sandton SPCA.
