General Report Comments: Upon arrival one dog was found in front of the property. The other two dogs with names were found inside the property. The owner of the property told me that the dog in front of her property is a stray which has been coming in front of the property from last week. She does not know the owner. She asked me to take the dog to the Sandton SPCA. The two dogs in the property inside the property no violation of the Animal Protection Act 71 of 1962 was observed. I educated her about sterilising the dogs and she agreed to do so.
