| CONFINEMENT OF ANIMALS          | Free roaming - in property |

General Report Comments: Upon arrival at the property I met with the owners of the dog and the domestic worker. They said the dog barks at people walking past their unit and if there's any movement.  
The dog appeared to be in good physical condition. The complex garden was about 6mx 11m. There were toys for the dog to play with. No violation of the Animals Protection Act was found.
