General Report Comments: Mr Chemane came to open the gate to inspect the living condition of the dogs. He owns 2 dogs an adult, female and a 4-month-old dogs. The dog appeared to be in acceptable physical condition and they had water and a sheltered sleeping area - carport and a veranda. He told me that they complained about the dogs being in one of the neighbour's yard until they built a wall around to stop the dogs from coming into their house. This has since stop.
